

HIGHLIGHTS 2023

Events & Training

Invest Europe events are valued for their high-quality industry insights, open and balanced LP-GP debate, and excellent networking opportunities in a non-commercial setting. Our practitioner-led training offers opportunities for professional development for all industry participants, from new entrants to seasoned veterans, wherever they are located.

Highlights 2023

- A highly successful Investors' Forum, including record LP/GP networking dinner attendance, started the conference calendar for the year, followed by the CFO Forum in Nice and the Venture Capital Forum in Paris
- Members from 14 countries attended 5 local and regional Chairs' dinners
- Overwhelmingly positive feedback was received from members to increased networking opportunities
- The at-capacity SFO Roundtable in Geneva focused on the theme of growth equity

Training

Our practitioner-led courses attract a growing audience from across Europe. Courses cover a range of topics designed to address a wide range of needs across firms, from new entrants to the industry to seasoned professionals.

- Two new live online training courses were added:
 - **Foundation in Private Equity Fund Investing**, covering the key elements for junior investment staff and LPs
 - **LBO Modelling**, providing a practical information on the dynamics of LBO transactions
- A timely new on-demand e-learning course was launched to cover **ELTIF Essentials**, providing valuable insights into the strategies and restrictions associated with an ELTIF fund
